Regulation of the Internet of Things. Late last month, popular websites like Twitter, Pinterest, Reddit and PayPal went down for most of a day. The distributed denial-of-service attack that caused the outages, and the vulnerabilities that made the attack possible, was as much a failure of market and policy as it was of technology.

Regulation of the Internet of Things - Schneier on Security

In 2015, the global community has an unprecedented opportunity. Momentum is already building technological innovation, new economic trends and political commitments are all coming together towards a low-carbon future.
