Overview. A polity can be manifested in many different forms, such as a state, an empire, an international organization, a political organization and other identifiable, resource-manipulating organizational structures. A polity, like a state, does not need to be a sovereign unit. The most preeminent polities today are Westphalian states and nation-states, commonly referred to as "nations".

Polity - Wikipedia

A state is a compulsory political organization with a centralized government that maintains a monopoly of the legitimate use of force within a certain geographical territory.. Many human societies have been governed by states for millennia, however for most of pre-history people lived in stateless societies. The first states arose about 5,500 years ago in conjunction with rapid growth of cities ...

Abstract. This paper employs concepts drawn from a five-phase model of globalization adapted from the work of Maguire et al. in 2002, which aids in developing an understanding of the global phenomenon of professional baseball. It reports that the five flows of globalization, namely, migrant dimension, technology dimension, economic dimension, media dimension, and ideological dimension are ...
